

# Guideline for Carriage of **Samsung Galaxy Note 7** Mobile Phone On Board an Aircraft

In response to the recent information from civil aviation authorities of some countries on restrictions or recommendations on the carriage of Samsung Galaxy Note 7 mobile phone on board an aircraft,

In order to create common understanding and prevent safety risk on aircraft, passenger and property on board, the Civil Aviation Authority of Thailand hereby issue the following guideline

- 1** According to the Federal Aviation Administration (FAA), USA Notification, the passengers travelling to and from the United States are not allowed to carry Samsung Galaxy Note 7 mobile phone on board and in the baggage to be delivered to the air operator as the checked baggage.
- 2** The Notification prohibits all airlines that have flights to and from the US or all transit passengers to carry Samsung Galaxy Note 7 mobile phone on board in order to prevent any inconvenience and problem to the passengers before or while travelling.
- 3** The passengers travel overseas are advised to check with the airlines before travelling for the Notification on the prohibition of Samsung Galaxy Note 7 on board since the airport do not have deposit services for the prohibited phone.
- 4** The airports in Thailand do not prohibit the Note 7 to be on board the aircraft yet. However, it will be the passengers own risk if the passengers are found carrying the Note 7 on board in the prohibited country.
