

GUIDELINES FOR INTERNATIONAL FLIGHTS

WITH TRANSIT/TRANSFER PASSENGERS

1. International flights with transit/transfer passengers shall be permitted **only at Suvarnabhumi International Airport**.

3. Each passenger shall not go outside the specified area and shall proceed through the "Sealed Route".

5. Cleaning and disinfection shall be applied to areas and equipment regularly according to the Ministry of Public Health standards.

Personnel working in the waiting areas for transit/transfer operations shall wear Personal Protective Equipment (PPE).

7. Food and beverage service in the waiting area shall be organized in a proportion of specific functional area. Active oversight shall be conducted consistently during area utilization in order to keep the operations safe and effective.

9. Air operators shall submit transit/transfer operation plans to the Civil Aviation Authority of Thailand (CAAT) and Airside Operations Control Center (AOCC) at Suvarnabhumi Airport no later than 24 hours before the flight.

2. Each passenger shall possess the complete set of documents which are:

- (a) Fit to fly health certificate;
 - (b) Medical certificate with a laboratory result indicating that COVID-19 is not detected (done by RT-PCR technique);
 - (c) Travel health insurance (worldwide or including Thailand) covering health care and treatment expenses for COVID-19 disease, or any other guarantee throughout their stay in Thailand, with a coverage of no less than 100,000 USD;
- Before the issuance of boarding pass, the document verification shall be done by the air operator.**

4. Physical distancing shall be managed by preparing space in the waiting areas for transit/transfer operations. Each passenger and personnel shall wear mask at all times and there shall be hand sanitizer containing at least 70% alcohol sufficiently provided.

**Shall not exceed
12 hours.**

6. The time period of each Transit/Transfer operation shall not exceed 12 hours.

8. There shall be no COVID-19 screening or laboratory service at the Transit/Transfer area in the airport.
If any passenger suspected to be affected from COVID-19, such air operator shall hold full responsibility.
