

PEL CIRCULAR

CIRCULAR NO: 2026/C002

LIST OF TRAINING COURSE IN ACCORDANCE WITH TCAR PEL PART FCL

Purpose	The purpose of this circular is to provide a comprehensive overview of the Courses that require approval under TCAR PEL Part FCL. It outlines the specific approval requirements for each Course, distinguishing between those that may be combined and those that require separate approval. Additionally, this circular aims to enhance the standardization of course naming conventions across all regulatory documents. This includes ensuring that course names are consistently and accurately reflected in ATO certificates, training manuals, and course completion certificates. By establishing clear and uniform naming requirements, the circular supports improved regulatory compliance, strengthens the alignment of training documentation, and streamlines the course approval and oversight processes for training organizations.
Related Regulation:	TCAR PEL Part FCL
Relevant Stakeholders:	ATO, DTO, CAAT PEL Department
Dated on:	27 February 2026

DISCLAIMER

This document is intended solely to provide stakeholders with a clearer understanding of the applicable regulations. It serves as an explanatory guide and does not constitute or replace any regulation or legal requirement. For precise regulatory obligations, stakeholders should refer directly to the relevant regulations and official guidelines.

Applicability

For organizations certified in accordance with Part ORA and Part FCL, the applicable Course names shall be designated as listed below.

Decision/Guidance

Under TCAR PEL Part FCL, Courses are categorized to clarify which training activities may be approved together and which must be approved separately. This section provides the standardized course structure and naming format to be used by training organizations, ensuring alignment across regulatory documents, certificates, and training records. The categories and corresponding naming requirements are outlined as follows.

ACFT Categories/ Qualification/ Reference	Manual Name	Scope and Additional Training	Course Name in ATO Certificate	Name in Course Completion Certificate	Remark
<i>Remark: If multiple scopes apply, they will be listed within the same parentheses, separated by commas (e.g., CPL/IR(A) Integrated Course (SE, ME)). For multiple additional trainings, they will be indicated accordingly (e.g., Class Rating MEP Course (Land) + Differences + Refresher).</i>					
Aeroplane License FCL.115	LAPL(A) Course	All (No mention)	LAPL(A) Course	LAPL(A) Course	'class' or 'variant' is to be replaced by class or variant specified name
		(Theoretical Part)	LAPL(A) Course (Theoretical Part)	LAPL(A) Course (Theoretical Part)	
		(Practical Part)	LAPL(A) Course (Practical Part)	LAPL(A) Course (Practical Part)	
		+ Extension of privileges to another class or variant	LAPL(A) Course + Extension of privileges to another class or variant	LAPL(A) Course (Extension to 'class' or 'variant')
