Note

“Aeromedical Center” (AeMC) means a hospital or medical facility appointed by the Office as an Aeromedical Center, with an Authorized Medical Examiner or Senior Authorized Medical Examiner authorized to conduct examinations for the initial issuance, revalidation, or renewal of medical certificates for all classes, and which carries out aviation medicine activities as prescribed by the Director.

“Aeromedical Office” (AeMO) means a hospital appointed by the Office as an Aeromedical Office, with an Authorized Medical Examiner or Senior Authorized Medical Examiner authorized to conduct examinations for the revalidation or renewal of medical certificates for all classes, and for the initial issuance of medical certificates for classes two and four only, as prescribed by the Director.
